

ZIP BASE & Universal Guardrails

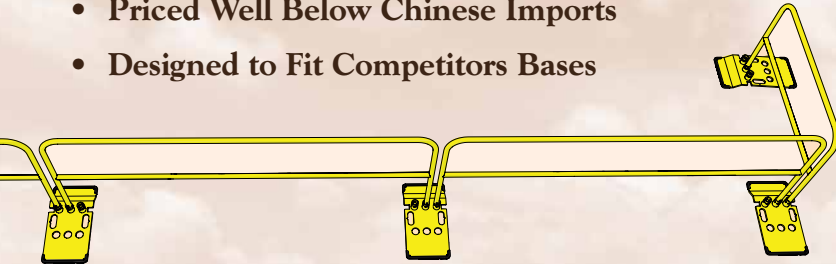

- The RZ Universal Guardrails Are Manufactured Out Of High Strength Low Alloy Steel (HSLA)
- RZ Guardrails Exceed All OSHA Load Requirements
- All Components are Manufactured 100% in USA
- Priced Well Below Chinese Imports
- Designed to Fit Competitors Bases

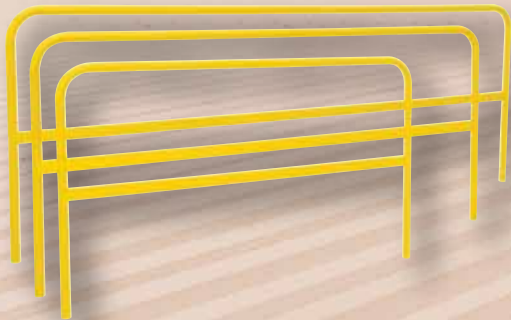

Zip Base #70756

3 hole base, yellow powder coat with rubber feet (58 lbs). Nests and stacks easily for storage before and after use. Zip Base offers superior resistance to impact loads and its unique design is 40% lighter than competitor bases. Comes with toe board slots on each side and handle holes for lifting.

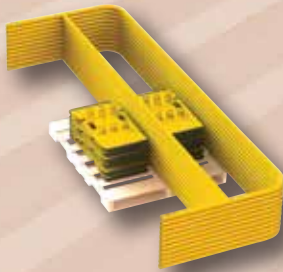

Available in Yellow or Pre-Galvanized Finish

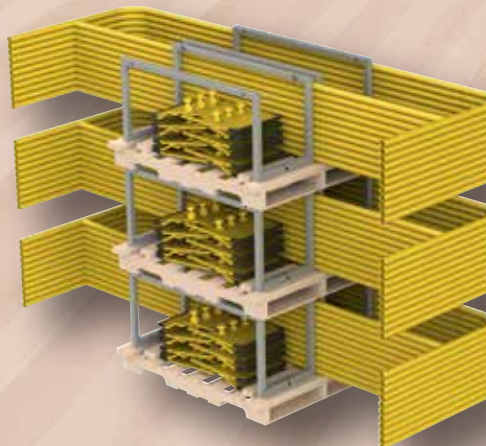

Watch the fall testing video, search for "tiedown, zip base"
