

PRESENTS

The INSTANT
Problem Solver!

RAPID

SEAL

EMERGENCY

**FLAT ROOF
REPAIR**

ACTUALLY SEEKS
OUT, SWELLS AND
SEALS THE LEAK
IMMEDIATELY!

NO
NEED TO
IDENTIFY
THE EXACT
AREA OF
THE LEAK.

WORKS
WHERE
MOST OTHER
PRODUCTS
WON'T!

STOPS LEAKS IMMEDIATELY—
Even in pouring rain or through
melting ice or snow.

Tiny pellets get
drawn into the
area of the
leak, swell and
stop leak
immediately.

Won't interfere
with permanent
repairs made
later.

A ONE-MAN JOB! — Simply disperse in the general area
and let **RAPID-SEAL** "do its thing".

- May be used on any flat roof: hospitals, schools, institutions, apartments, factories, malls, etc.
- Immediate, temporary solution to water leakage on built-up or flat roofs.
- Requires no special tools, training or labor.

PRODUCT FACT SHEET

PRODUCT: RAPID-SEAL
EMERGENCY ROOF PATCH

COVERAGE: Comes in square four gallon (25 LB) plastic containers (coverage about 50 sq. ft. per pail) with re-sealable plastic lids. When empty, pails can be stacked and used for storage of hundreds of items.

FEATURES: Use what you need-- reseal the pail -- and save for another time, another use.

ALCM Code: 40725

Excellent circular dam -- just pour RAPID-SEAL in a circle around ponded water and pump out water within circle. Allows you to then work in a dry area.

No messy bags to worry about getting rid of.

Excellent night water seal for any type of roof membrane: if there is no rain sweep-up and re-use. Saves money.

Simply sweep or shovel away the remaining residue.

Product contains no solvents: is no polluting and non-combustible.

Earth friendly.

DIRECTIONS: Pour directly from pail into a 1/2 inch layer over the suspected area of the leak. If the leak does not stop within a couple of minutes pour additional RAPID-SEAL. As long as the RAPID-SEAL stays wet it will continue to seal the leak. When the roof is dry, sweep up the residue and make permanent repairs.

CONTAINS: Proprietary. This product is not considered hazardous, however, it does contain a small amount of crystalline silica. Avoid breathing dust. VOC/VOS: none.
